App Encryption Documentation

Your file was unable to be uploaded. Try again.

Specify your use of encryption in Xcode by adding the **App Uses Non-Exempt Encryption** key to your app's Info.plist file with a Boolean value that indicates whether your app uses encryption. [Learn More](#)

You're required to provide documentation if your app contains any of the following:

- Encryption algorithms that are proprietary or not accepted as standard by international standard bodies (IEEE, IETF, ITU, etc.)
- Standard encryption algorithms instead of, or in addition to, using or accessing the encryption within Apple's operating system

DOCUMENT	STATUS	UPLOADED DATE	KEY VALUE
	Upload Failed	Jun 19, 20	Add this string as the value for the App Encryption Export Compliance Code key in your app's Info.plist file. Learn More
	Upload Failed	Jun 18, 20	

App Store Regulations & Permits

Digital Services Act

This developer has identified itself as a non-trader for this app. In order to update your app level trader status, you need to complete compliance requirements. [Get Started](#)
